VOL. XXIII

RENO, WASHOE COUNTY, NEVADA, WEDNESDAY, APRIL 27, 1887.

NO. 23

Lines written to the memory of George McConaughy, youngest child of Mr. R. C. and Mrs. M. McConaughy, who died at Fort Bidwell April 19th; aged 2 years, 11 months and 14 days:

Our hearts are beating for his loss,  
Our eyes are filled with tears,  
So beautiful he seemed to us,  
So much above his years.

He looked just like a boy who would  
In after years fulfill  
What both his parents thought of him  
Intelligence and will.

But since he's gone O let us look  
With faith beyond his grave,  
And trusting in the power of love  
Believe that Christ can save.

The death, we feel, has not cut off  
The life-flow from God's throne.  
The loving boy we cannot see  
Lives and is not alone.

He saw the Winter passing by,  
But in the lengthened day  
He withered with the latest frost  
And took his flight away.

And took his flight away while we  
Looked on with tearful eye  
And said within our souls, how strange  
A child like he should die.

But God is good, and bids us cast  
Our sorrows at His door,  
Knowing that we shall meet again  
Where parting is no more.

**A New Mining Discovery.**  
The Winnemucca Silver State of the 26th instant says: Commissioner Shone arrived in town yesterday. He is the proud owner of a one-third interest in the Centipede claim, recently discovered in Rebel Creek District, two or three miles from Snapp's Station, on the Idaho road. A sample of the croppings of the lead assayed \$44.77 in gold, and \$38.60 cents in silver to the ton. A few feet below the surface free gold is visible in the quartz.

**Blowing Up Hell Gate.**  
Has been a laborious and costly work, but the end justifies the effort. Obstruction in any important channel means disaster. Obstructions in the organs of the human body bring invisible disease. They must be cleared away, or physical wreck will follow. Keep the liver in order, and the pure blood courses through the body, conveying health, strength and life; let it become disordered and the channels are clogged with impurities which result in disease and death. No other medicine equals Dr. Pierce's "Golden Medical Discovery" for acting upon the liver and purifying the blood.

**"The Proper Study of Mankind is Man."**  
Says the illustrious Pope. If he had included woman in the list, he would have been nearer the truth, if not so poetical. Dr. R. V. Pierce has made them both a like study, especially woman, and the peculiar derangements to which her delicate system is liable. Many women in the land who are acquainted with Dr. Pierce's "Favorite Prescription," bless him with all their hearts, for he has brought them the panacea for all those chronic ailments peculiar to their sex, such as leucorrhoea, prolapsus and other displacements, "internal fever," bloating, "tendency to internal cancer" and other ailments. Price reduced to one dollar. By druggists.

**No Trouble to Swallow.**  
Dr. Pierce's "Pilllets" (the original "Little Liver Pills") and so pain or griping. Cure sick or bilious headache, sour stomach and cleanse the system and bowels. 25 cts. a vial.

**Ladies.**  
In delicate health and all who suffer from habitual constipation, will find the pleasant California liquid fruit remedy, Syrup of Figs, more easily taken, and more beneficial in effects than any other remedy. It acts promptly yet gently on the bowels, kidneys, liver and stomach, and does not sicken or debilitate. For sale by Wm. Pinniger, Reno, Nevada.

**Trees and Hay for Sale.**  
Fifty White Willow, 100 Calappa Speciosa, 500 White Elm, 1000 Black Locust, 1500 Black Walnut, 1000 Choice Apple from root grafts.  
B. F. LEE, Reno, Nevada.

## Astonishing Success.

It is the duty of every person who has used Boschee's German Syrup to let its wonderful qualities be known to their friends in curing consumption, severe coughs, croup, asthma, pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case and we consider it the duty of all druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where it failed was reported. Such a medicine as the German Syrup cannot be too widely known. Ask your druggist about it. Sample bottles to try, sold at 10 cents. Regular size, 75 cents. Sold by all druggists and dealers in the United States and Canada.

## Man Wants a Tonic.

When there is a lack of elastic energy in the system, shown by a sensation of languor and unrest in the morning, frequently yawning during the day and disturbed sleep at night, Hostetter's Stomach Bitters infuses unwonted energy into the enfeebled and nervous, endowing them with muscular energy, an ability to resist disease, and a power to answer the purpose more effectively, and can be relied upon as perfectly safe by the most prudent. Fever and ague, kidney troubles and rheumatism yield to it.

## Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Texas, by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of pills and two bottles of the Discovery, he was well and had gained in flesh 36 pounds. Trial bottle of this great Discovery for Consumption free at S. J. Hodgkinson & Co.'s.

## Thousands of Dollars.

Are spent every year by the people of this State for worthless medicines for the cure of throat and lung diseases, when we know that if they would only invest in Dr. King's New Discovery, the new California discovery for consumption and kindred complaints, they would in this pleasant remedy find relief. It is recommended by ministers, physicians and public speakers of the Golden State. Sold and guaranteed by Osburn & Shoemaker, Reno, Nev., at \$1 a bottle. Three for \$2.50. The most stubborn case of catarrh will yield to this remedy. Six months' treatment for \$1. By mail \$1.10.

## The Verdict Unanimous.

W. D. Sult, druggist, Blipps, Ind., testifies "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles and was cured of rheumatism of 10 years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my 30 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters cure all diseases of the liver, kidneys or blood. Only a half dollar a bottle at S. J. Hodgkinson & Co.'s Drug Store.

## Notice.

Manning & Jaques have been commissioned by the Reno Gas Co., as a competent firm to do their gas-fitting, and the company would recommend parties having work of the above character to do, to employ only the best workmen, thereby saving much annoyance and expense.  
WM. THOMPSON,  
Supt. of Reno Gas Co.

## An Absolute Cure.

WEDNESDAY.....APRIL 27, 1887

In our local columns to-day will be found an article showing the amount and character of building going on in Reno. That the town is growing rapidly and healthfully is beyond doubt. What is wanted now more than anything else is to have manufacturers, millmen and others come and see our splendid water-power and offer them such inducements as to make it foolhardiness on their part not to invest. Reno to-day ought to have a population of 15,000 people. When the opportunities within a radius of—say, four miles of town, are properly utilized the population will be double that number, at least.

T. V. Powderly: "I am willing, as the chief officer, to lay everything connected with our order bare to the world if you will, on the other hand, lay open to the public the means and methods whereby you have piled up the wealth which you control, and allow the tribunal of public opinion to pass in judgment on the two."

The Democratic party came into power over two years ago on the platform of unconditional opposition to Republican principles and measures, and yet it has not made a serious effort to undo a single one of the leading features of the Republican plan of carrying on the Government.

Every section of the country has productive industries which require judicious protection to establish them and thereby cheapen the product to consumers, and a general protective policy is thus made justifiable to the extent that it may give the greatest good to the greatest number.

Hiram Clark, one of the most extensive railroad contractors in this country, states that 30 per cent. of the hands now employed in railroad building are Italians, and on some roads they are employed exclusively as platform, section and general utility hands.

The execution of Cajeme, the Yaqui chief, by the Mexican authorities, is regarded as a very cruel and cowardly act.

Colonel Daniel Lamont is said to greatly enjoy the position of Assistant President of the United States.

## WESTERN DISPATCHES

**A Railroad Consolidation.**

## A Bloody Prize Fight.

ST. LOUIS, April 26.  
A long and bloody fight to a finish with kid gloves took place this afternoon near a small railroad station about fifty miles north of this city. The mill was between Ed Kelly, son of the formerly somewhat famous Tom Kelly, of this city, and Dan Daly, a slinger of local note, and was for \$250 a side and gate money, which amounted to about \$600, the winner to take everything.  
In round two Daly got the first blood with an uppercut on Kelly's mouth. In the next three rounds Daly forced the fighting, and gave Kelly heavy blows on the body and face. In the sixth round Kelly got in a hard blow on Daly's neck. In round eight Kelly bled from the ears, and each gave the other heavy blows on the face and neck. In round eleven the fighting was heavy and fierce—the most brutal ever seen.  
Kelly is terribly used up. Daly is not injured much. Time of fight, three hours and fifty-eight minutes. The mill was witnessed by about sixty of the sporting fraternity and their friends of this city, each of whom paid \$10 to see the fight.

## Badly Bruised Officials.

TOPEKA, April 26.  
A special train arrived on the Rock Island at 3 p. m. to-day, having on board a party of injured men from Horton. They consisted of Lieutenant Governor Riddle, Secretary of State Allen and State Auditor McCarthy, the Kansas Board of Railroad Assessors, who have been making a tour of inspection over the Chicago, Kansas and Nebraska road. They were accompanied by President Law and General Manager Fischer, and with the entire crew were more or less bruised and injured. The party left Horton this morning to go West on the Atchison branch of the Rock Island, and one mile west of that place the train was hurled down an embankment 200 feet high. Allen was seriously hurt, but will recover.

## Leaving Quietly.

## FOREIGN DISPATCHES

**Trial of Russian Nobility.**  
ST. PETERSBURG, April 26.  
The trial of nine men and three women, mostly young students, charged with complicity in the recent attempt to kill the Czar, commences to-morrow before the Political Law Senators. Even relatives of the accused will be excluded. The indictment drawn up by the Attorney General, is a voluminous document of full three folios. It says the Czar would have been killed on the 10th instant if he had taken his usual carriage drive. The plot leaked out through information given by the lady of the house where some of the students boarded. The women to be put on trial have been allowed to consult lawyers.

## The Irish Coercion Bill.

LONDON, April 27.  
When the motion was made in the House of Commons last evening to go into committee on the Coercion bill, Robert Theslie Reid, Liberal member for Dumfries, moved that the House decline to proceed with any measure directed against tenants combining for relief until the full measure for their relief from excessive rents was presented in Parliament. Right Hon. Geo. Shaw Lefevre, Liberal member for Central Bradford, seconded Reid's motion.

## Old Mines Rediscovered.

CITY OF MEXICO, April 27.  
The discovery of two of the seven lost Mexican bonanza mines by an American party of prospectors has been announced. Humboldt and Hamilton speak of the fabulous wealth obtained from these mines by Spaniards. They were worked up to the middle of the last century. In 1750

the Indians swept over northern Mexico and destroyed Chihuahua, and all miners were driven out. The Indians had control of the country so long that all records were lost. Recently Lieutenant Kippen, formerly of the U. S. army, W. K. Glenn, of Illinois, and Captain Allen McIntyre, of Chicago, went out on a surveying expedition in the interest of a Sonora land company, and in an old chapel found maps and other data. Dividing into four small parties a thorough search was begun and McIntyre's party located what is believed to be the Layopa silver mine, in the midst of thousands of ruined buildings and among large churches and forts. Within a radius of four miles are 920 workings of old Spanish furnaces, and tons of slag. A few days later the Bowers party reported the discovery of Guaynopa in the heart of the Sierra Madre mountains. Around it are the ruins of 118 arastras. Advances from Nogales confirm the report and state that a great placer field has been located where the Jesuits of 100 years ago found fortunes for the church. Great excitement in mining centers prevails.

## A Fatal Disease.

QUEBEC, April 27.  
Advices from the valley of St. Maurice, state that a disease known as black fever, accompanied by diphtheria is making terrible ravages among the people. At Mt. Caribon the family of a French settler named Antoine Teugeois has been almost destroyed. Eight deaths having taken place.

## The Schnaebles Incident.

LONDON, April 27.  
The Foreign office has received advices from the British Embassy in Berlin saying that the German Government gives assurance that the Schnaebles incident is not likely to lead to a prolonged difficulty.

## International Copyright.

BERNE, April 27.  
The Swiss State council has ratified a literary copyright convention with the United States.

## Seriously Ill.

RIO JANEIRO, April 27.  
Dom Pedro, Emperor of Brazil is seriously ill.

—Indians in the vicinity of Yuma, Arizona, are reported to be dying with the measles, 60 deaths having already occurred.

—The Bolton dyeing, printing and bleaching establishment at Bronckes, Westchester county, New York, was burned this morning. Loss \$150,000.

## Inter-State Commerce.

No community in the United States has suffered so much from the extortions and discriminations of Inter-State railroads as Nevada and no portion of Nevada as much as Reno. By methods as unlawful as they are oppressive, our industries have been paralyzed, and our people plundered to the last extremity.

At its last session, after years of evasion, Congress enacted a law intended to stop the pillage and compel fair treatment in the future. A Commission clothed with power to suspend the most important feature of this law—to say whether more may be charged for delivering freight to Reno than San Francisco, a 207 miles longer haul, are now considering the question and are being addressed with false arguments and overwhelmed with false testimony by the railroad companies. This commission composed of honest men and prompted by a desire to promote the best interests of the whole people have appealed to the country for information. Why are the people of Nevada silent? why are the people especially of Reno dumb at this critical moment. Let us have a public meeting; let us prepare and forward petitions, affidavits, addresses setting forth the wrongs we have suffered and demand the enforcement of our rights.

## Large Lumber Orders.

Since the Inter-State Commerce law went into effect on the 5th instant, orders from Salt Lake have been received by the mill proprietors on the Truckee river for 40,000,000 feet of lumber.

## "Read me for my cause, and be patient that ye may read."

The greatest study of mankind is man. And who ere his wonderful frame doth scan, Ponder and devise to cure an ill, Whither by medicine, herb, or pill, An equal benefactor is he; and we haste, The inventor of a cathartic of delicious taste, To do him honor.

Who remembers not how the distressed mother, Her child's entreaties tries to smother, That she insist not the horrid dose be taken, The remembrance e'en now does nausea awaken, And fond father, To be witness of his child's torture, would rather Pay high price, If money could purchase cathartic nice, We have it now! and great De Prati's name, Appears upon the scroll of Esculapian hints, For after long study what would suit, Has hit upon delicious fruit To cure our ills.

Away at once with draughts and pills; For whether it be indigestion, liver complaint, Or any disease to which flesh is heir, He here with pride does boldly declare, And on the assertion will wager big, That it can be cured by a Hamburg Fig!

**SALT RHEUM CURED.**  
I was troubled with Salt Rheum for a number of years, so that the skin entirely came off my hands from the finger tips to the wrist. I tried remedies and doctors' prescriptions to no purpose until I commenced taking CUTICURA REMEDIES, and now I am entirely cured.  
E. T. PARKER, 379 Northampton St., Boston.

**ITCHING, SCALY, PIMPLY.**  
For the last year I have had a species of itching, scaly and pimply humors on my face to which I have applied a great many methods of treatment without success, and which was speedily and entirely cured by CUTICURA.  
MRS. ISAAC PHELPS, Ravenna, O.

**NO MEDICINE LIKE THEM.**  
We have sold your CUTICURA REMEDIES for the last six years, and no medicines on our shelves give better satisfaction.  
C. F. ATHERTON, Druggist, Albany, N. Y.

## FATAL

Do you know that a pain in the left shoulder or arm is a sign of heart disease? It is; and that disease may have progressed far towards a fatal termination without exciting suspicion. Take DR. FLETCHER'S HEART REMEDY at once.

**Shortness of Breath.** Headache, faintness, palpitation of the heart, shortness of breath, lassitude, pain in the left shoulder or arm, denote the presence of heart disease, and call for the immediate use of Dr. Fletcher's HEART REMEDY.

**Dropsy.** Dr. Fletcher's HEART REMEDY rapidly removes the effusion in cases of Dropsy, which is due in most cases to some disease of the heart or general circulation.

## HAMBURG FIGS.

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure for the reason that no one likes to take the medicine that is usually prescribed. Hamburg Figs were prepared to obviate this difficulty, and they will be found effective as well as pleasant to the taste of women and children. 25 cents.

**RENO'S PROGRESS.**

**THE SOUND OF THE HAMMER EVERYWHERE.**

Old Residents Realizing Their Sanguine Expectations of the Town—Several Costly Buildings Being Constructed—An Idea of Some of Them—The Sale of Residence Lots Reported Lively.

By many of a sanguine and far-seeing turn of mind it was predicted last Fall that Reno would experience this Spring a decided enlivening, if not a "boom," in general business and real estate values. "There is everything," said one, "to warrant an advance. The Nevada and California railroad will shortly be extended on north a probable distance of 100 miles and open out a country rich in lumber and in agricultural, grazing and mineral resources, that must necessarily draw on Reno to a great extent for its supplies. Our immense water-powers are attracting the attention of capitalists, and a dozen or more manufacturing and mills will be driving a lively trade along the Truckee close to town within two years. The acreage of wild lands hereabouts being placed under cultivation is constantly increasing, and there is not a better feeding and shipping point on the coast for cattlemen than right here. Our climate is the healthiest in the world, and is especially so for those suffering from bronchial and lung troubles. The educational facilities are excellent, and are inducing many having interests elsewhere in the State to bring their families here to reside."

These and many similar expressions were heard from men well known for their shrewd business sagacity and foresight. That they were correct is evident from the sound of the hammer to be heard to-day in every part of the town. The improvement has by no means assumed the proportions of a "boom," and perhaps it is well it has not. It is of a healthy character and promises to continue during the Summer and into Fall.

Among the many beautiful residences being constructed is one by W. O. H. Martin. It is on Mill street. As yet only the foundation, which is of stone and cement, has been laid. It will be two stories in height, and will contain a double parlor 18x45 feet, a capacious sitting room, dining-room, six bed-rooms, kitchen, bath-room, closets and pantries, and furnished with all the modern improvements. The house will have six bay windows—four in front and two on the side—three of which will be on the first floor and three on the second. The mantel-pieces will be of onyx, and iron cresting will beautify the exterior of the building. M. J. Curtis is the architect and builder. He estimates the cost of it, when completed, at about \$10,000.

G. E. Holesworth, architect and builder, has charge of the handsome residence being constructed on the corner of Second and Stevenson streets, Powning's addition, by W. D. Phillips, the Central Pacific and Virginia and Truckee Ticket Agent. The foundation had been laid, and the framework is now being put up. Its architectural style will be Queen Anne and Eastlake, and two stories in height. When completed it will contain nine rooms, besides bath, closets in all the bed-rooms, bath-room and water-closet. On the first floor large folding-doors can be opened, and the two parlors and a capacious bed-room thrown into one. Iron cresting of beautiful design will surround the balconies and tower. The tower will arise from the main vestibule a distance of 40 feet, affording a fine view of the town and surrounding country. On the first floor, at the southeast or parlor corner of the building, will be a circular bay window. Mr. Holesworth estimates the probable cost of the structure at \$4,000.

The attractive and capacious residence of Mr. A. Benson on Sierra street, between Third and Fourth, will soon be ready for the plasterers. It is undoubtedly one of the largest, if not the largest, house in Reno, being two stories in height and containing 15 rooms, besides pantries, closets and two bath-rooms. It is Queen Anne in style, and will have all the modern improvements. Two large bay windows will adorn it, one on the front and one on the side. A large tower arises 40 feet from the ground floor that affords a magnificent view of the entire town and neighboring country. The house has a double parlor, library and a billiard room. Mr. Holesworth, the supervising architect, estimates its cost, when completed, at \$5,000.

Mrs. Julia D. Lee, widow of the late L. W. Lee, is constructing on the corner of West and Fourth streets an Eastlake house of goodly dimensions. The foundation, on which work has been commenced, will be four feet high and of stone, cement and brick. The house will be two stories in height and will contain beside a large hall, bath-room, wash-room, closets and pantry, a large parlor, dining and sitting room, kitchen and six bed-rooms. On the first story the ceilings will be twelve feet high and on the second 11 feet. In all the windows in the house will be placed Hill's patent inside sliding blinds. Mr. Holesworth is the architect and contractor. He says the house will, when completed, cost about \$4,000.

M. J. Curtis, the architect and builder, is constructing an Eastlake

cottage residence for himself on the corner of Riverside Avenue and Stevenson street, Powning's addition. The framework is all up, and the structure will probably be ready for the plasterers within a fortnight. It will have two bay windows—one facing the south, the other facing the west. In height the house will be a story and a half, and will contain a double parlor, dining-room, sitting-room, kitchen three bedrooms, bath-room, closets and all the modern improvements. He says the house will cost him not less than \$3,000.

John Newmarker, the contractor and builder, is constructing a beautiful residence of Roman architecture on Peavine street, between Fourth and Fifth. It has already been plastered, and will soon be ready for the painter. It has ten capacious rooms, besides a conservatory, large pantry, bath-room, closets, and on the second floor a wash-room with hot and cold water. The foundation, which is of stone and cement, is 33x45 feet, and the basement, 20x30 feet, will be divided into two compartments, one to be used as a laundry, which will have an entrance both from the kitchen and back yard, and the other as a cellar. The house is two stories high, has a tower that affords a fine view of the town and valley, two bay windows on the front, and will be artistically decorated with wood-work and iron cresting. He estimates its cost at \$4,200.

Frank Payne has about completed for A. O. Porter a neat one-story cottage in the Western addition, of the Eastlake style. The house is adorned with a bay window, and contains five large rooms, besides closets, bath-room and pantries, and is also provided with a good cellar. Hot and cold water are in the kitchen and bath-room. The house is built on a stone and cement foundation.

Residences are by no means the only class of buildings being constructed. Wm. Thompson, as manager of the Lake estate, is building (on day's pay) a two-story brick business house on Virginia street adjoining the First National Bank, that is 22x70 feet in the clear. The brick walls and a vault 6x8 feet in the rear are being constructed. Mr. Thompson says it is highly probable that he will commence shortly the construction of a similar building immediately adjoining, in which case a capacious hall and stairway leading to the second stories of the structures will be placed between the two. The front portions of the buildings upstairs will be divided off into offices; the rear portion into a lodge-room. The building now under way is to have an iron front, with large windows flush with the sidewalk, and the double door sunk a couple of feet. It is of a new style of architecture, among the novelties being the roof, which, instead of being cone-shaped, pitches toward the center. The first floor will be occupied as a postoffice.

The Depot Hotel annex will soon be ready for the plasterers. It is 32x33 feet in size and two and a half stories high. The first floor will serve as a baggage-room for the Central Pacific and Virginia and Truckee roads, a battery room for the Western Union Telegraph Company, and a sample room. The second floor will be divided off into six bed-rooms, and the top or half floor into two bed-rooms. The structure has a substantial stone foundation, and, when completed, will conform in design and beauty with the main hotel.

The Advent Church on Fifth street, beyond West, has been plastered and painted, and will soon be ready for its furniture. It is a handsome structure, being 25 by 40 feet, and having a tall belfry.

M. J. Curtis, the architect, has drawn plans for a new passenger depot for the Nevada and California Railroad Company. In case they accept the building will be constructed immediately east of the present office and face north-west. In size it will be 20x30 feet and two stories high. The first floor will be divided off into a ticket office, waiting-room and baggage-room; the second floor into three large offices. The building will be Eastlake in design, and have a tower or cupola.

George W. Mapes, who owns the two-story brick building on Sierra street facing the plaza, has had the partitions torn out of the second story and the entire floor made into one room, which is 26x56 feet. The ceiling is arched and the roof has been raised four feet. The Odd Fellows have leased the entire floor for five years. In the rear is being built a two-story addition 20x25 feet. The upper floor of it will be divided off into several ante-rooms and halls for use by the Odd Fellows. A stairway five feet wide will lead from the side street to this part of the building.

Mr. Holesworth is superintending the work of adding several additions to the residence of A. McIntosh, on the corner of Fourth and Chestnut streets. Among them are two bay windows. One is on the southeast corner of the house, the other on the west side. Along the entire front of the house, which will be handsomely painted, is placed a broad porch. Mr. Holesworth is also looking after the work of dividing off the upper or second floor of the First National Bank building into four suites of rooms suitable for offices.

H. Davis has had his residence on West street, between Second and Commercial Row, moved back a few feet and is having a new front added to it that is 28x15 feet in size. The addition will be divided off into a hall and two rooms.

A two-story addition, 32x38 feet, has just been added to the rear of

the Pioneer Hotel. It affords several large rooms on the ground floor and seven bed-rooms 9x12 feet and one 12x12 feet on the second floor; also a continuation of the wide hallway up stairs.

Dr. Dawson has just built to his residence on West street, above Second, an addition 24x30 feet, which gives him two extra bedrooms, a large kitchen, bath-room and pantry. It has a pretty bay window on the south side, that gives him a view of the street from the dining-room.

Many others contemplate building during the coming Summer or Fall, among whom are the following who have just purchased lots from Wm. Thompson, as manager of the Lake estate: Mrs. Pierce Evans, lot on Mill street adjoining the A. N. Ward residence; A. M. Ward, part of lot 11, block 5; J. F. Aitken, block G, Hatch's addition; William Hamilton, lots 1 and 2, Court street, block 9; F. B. Mercer, lot 7, block 9, corner of Court and Hill streets, and a half dozen or eight lots near the Central Pacific railroad, west of town, have been sold to Italians, whose names we have been unable to learn.

Since he put his tract, immediately west of town, on the market, some six weeks ago, C. C. Powning has sold about 20 lots, most of the buyers intending to build fine residences on them during the coming year.

**\$55.00 CASH.**

This engraving represents one of the cheapest and best made Parlor Suites that is manufactured. This suite consists of Sofa, Easy Chair, Reception Chair, Divan and Patent Rocker—five pieces in all. We make this suite in electro plush, assorted colors, or all in one color, with spring edge and silk plush border, for \$55. We also make it in wool plush (not spring edge), assorted colors, or all in one color, for \$55.

Either of these suites are very pretty, and will, without doubt, please the buyer. Suites consisting of sofa, easy chair, patent rocker and four reception chairs—seven pieces in all—cost the same price as the five-piece suite.

These suites are not the "Easton Made," but are manufactured by us. We guarantee them to be first-class and far superior to the Eastern suites that are sold. Samples of plush and other coverings mailed on application.

Our line of bed-room suites in walnut, mahogany, antique oak, antique ash, ash and pine are handsome in design and cheap in price. Photograph of our \$15 bed-room suite mailed on application. Address all letters to

## AUCTION SALE

### Fine Live Stock

COMPRISING ABOUT 14  
head of Dairy Cows and 14  
head of Yearlings and 2-year-old  
Heifers; also the thoroughbred  
Holstein Bull known as the "Prince  
of Nevada," 20 head of thor-  
oughbred French Merino Bucks;  
one saddle mule and one saddle  
horse, and one graded Norman  
yearling filly. The cows and  
heifers are with calf by the "Prince  
of Nevada."

The Sale will Take Place at  
My Ranch,

Four miles northeast of Reno, at  
2 o'clock P. M. of

Saturday, May 14th.

Six months time, at 1 per cent,  
given purchasers upon good security.  
M. GULLING.

### Hard to Beat.

The Carson Tribune of the 26th  
instant says: During the shooting  
of the match and competition scores  
at the Carson Guard range, day be-  
fore yesterday, Messrs. Wilcox and  
Thaxter shot together, alternating  
thirty shots each, without sighting  
and without rest, and made the fol-  
lowing remarkable scores:

Wilcox.....44 46 45-135  
Thaxter.....47 47 47-141

Of the sixty shots 36 were bulls-  
eyes and 24 fours. Where is the  
pair that will attempt to beat it  
with military rifles?

Of the first 25 shots fired by  
Mr. Thaxter, eighteen were in the  
8-inch bulls-eye, and none of them  
outside the 7 ring, which is but 5 1/2  
inches from the center of the bulls-  
eye.

### Good Salaries.

The County Commissioners of  
Alturas county, Idaho, last week  
fixed the salaries of the county offi-  
cers as follows: Sheriff \$6,000 a

for prisoners and \$3 a day for a  
jailer; District Attorney, \$5,000 a  
year; Auditor, \$1,200 a year; As-  
sessor and Tax Collector, 6 percent  
on property tax and 15 per cent. on  
poll taxes; Probate Judge, \$1,500 a  
year; Treasurer, \$2,000 a year; Su-  
perintendent of Schools, \$900 a  
year; and Road Supervisors, \$3 50 a  
day.

Irritation of the throat and all  
lung troubles are quickly relieved  
and permanently cured by Fryer's

### Endorsed by the M. D's.

A. M. Robinson, Druggist and  
Apothecary, Bangor, Me., in a let-  
ter dated July 1, 1884, says: "I  
have had many prescriptions for  
Gillmore's Aromatic Wine from one  
of our best physicians, who learned  
of its virtues from those who had  
used it." No remedy ever pro-  
duced has met with such marked  
favor from the medical profession.  
The Company cheerfully furnish  
any physician a sample of their  
Aromatic Wine, and not one of the  
many hundreds who have given it  
an examination has ever failed to  
endorse it as a valuable and reliable  
remedy. All over the country  
leading physicians are prescribing  
it, particularly for the numerous  
ailments to which females are li-  
able. They know there is no purer,  
safer or more reliable remedy.  
Agent for Reno, W. Pinniger.

### Merit Will Tell.

Was never better demonstrated  
than when "Fryer's Ablutene Rem-  
edies" were awarded diplomas at
